# BIG GUN

ENGINEERED SIMPLICITY,  
PROVEN DURABILITY.

**FOR OVER 4 DECADES, NELSON IRRIGATION  
HAS BEEN MANUFACTURING  
"THE ORIGINAL" BIG GUN® SPRINKLER.**

Nelson pioneered the concept of a slow, steady, and uniform forward and reverse drive action, and the Big Gun's drive vane automatically compensates through a full range of nozzle sizes and pressures. A simple, reliable adjustment allows you to set the arc to within 1 degree without overriding the stops; a setting that will not change over time, as proven by years of use in the field.

**NELSON  
AUSTRALIA**  
INNOVATION IN IRRIGATION

# BIG GUNS®

In the field of large-volume sprinklers, Nelson Big Guns® are recognized the world over as the leader in quality and performance. They are engineered and precision manufactured for heavy-duty reliability and long wear life with minimum maintenance required. Every Nelson Big Gun® is subjected to the toughest inspection testing and quality control standards in the industry.

As seen on Rodney Industries' RI Range Travelling Irrigators

# sime

*As seen on  
Rodney Industries'  
Marani Hard Hoses*

**For small to large scale  
irrigation we have a  
sprinkler and gun to suit.**

## SIME GUNS

Sprinklers of middle or high capacity and pressure rotating at full circle or parts circle, with slow return. Particularly suitable for all types of watering machines can be used also for centre pivots and normal installations. An intermittent and adjustable jet-breaker working only on the return, allows the user to get a uniform distribution of rain fall all over the irrigated area.

**ROYAL**  
(16, 18, 20, 22mm  
nozzles included)

**REFLEX**  
(24, 26, 28, 30, 32mm  
nozzles included)

**EXPLORER**  
(28, 30, 32, 34, 36, 38, 40mm  
nozzles included)

**LUXOR**  
(10, 12, 14, 16mm  
nozzles included)

**SKIPPER (GEAR DRIVE)**  
(14, 16, 18mm  
nozzles included)

**MARINER (GEAR DRIVE)**  
(28, 30, 32mm  
nozzles included)

**MARINER 2 SPEED**  
(28, 30, 32mm  
nozzles included)

**GEMINI 2 SPEED**  
(34mm nozzle included)

# SIME IRRIGATION

## SIME GUNS

Sime offer a range of small and medium capacity sprinklers for full or part circle operation, equipped with an adjustable jet breaker which allow a good rainfall all over the wetted area. They are suitable for irrigating mixed crops, orchards, fruits, gardens, playgrounds and frost protection.

**JUNIOR**  
(4mm nozzle included)

**SILVER**  
(8, 6, 7mm nozzles included)

**JOLLY**  
(8, 9, 10, 12, 14mm nozzles included)

**FUNNY PART CIRCLE**  
(6, 7mm nozzles included)

**K1 8° PART CIRCLE**  
(8, 9, 10mm nozzles included)

**K1 24° PART CIRCLE**  
(8, 9, 10mm nozzles included)

**HIDRA PART CIRCLE**  
(12, 14, 16mm nozzles included)

**DUPLEX PART CIRCLE**  
(14, 16, 18mm nozzles included)

# komet

INNOVATIVE  
IRRIGATION

## the komet advantage

It is important that every irrigation system operates reliably in order to avoid yield losses, waste of energy with its associated costs but more than anything to optimise the soil potential. The gun not being continuously monitored, has to operate always at its best without the necessity of adjustments or maintenance.
